

## BRYAN BOLTS TICKET IN NEBRASKA ON THE LIQUOR ISSUE

Says He Cannot Support Dahlman in Opposition to County Option.

CANDIDATE IS BITTER

Says He Will Win Overwhelmingly in Spite of Peerless Leader.

LINCOLN, Neb., Sept. 20.—In a statement in which he says he feels the need to wage a war against the liquor interests of the state and nation, Bryan today announced that he had bolted the ticket in Nebraska and would not support James C. Dahlman for governor.

Bryan says he regrets that he is compelled to take this stand, but that his first departure from politics is a regular one, and that he will do his best to do so before the election.

The statement, which in a way is apologetic in tone, does not indicate that Bryan will support the candidate of any other party, but that he is a pronounced advocate of county option and the early closing of saloons.

"I am just having for Missouri and shall be absent practically all of the time for about a month, and I cannot be present at the election in Nebraska," Bryan says.

"In speaking for the state ticket, however, I shall not be able to do any more in the future," he says.

"I regret this exceedingly, for he has been a political and personal friend for twenty years, and it would give me pleasure to speak for him if I could, but he has chosen to make the liquor question the paramount issue, and make his appeal on that issue."

"In spite of the fact that the Democratic state convention voted down a declaration against county option by a vote of 638 to 202, I believe that he will vote a county option bill if passed, and in spite of the fact that the state convention endorsed the 8 o'clock closing law by a vote of 710 to 163, he announces that he will sign a bill repealing it if such a bill is passed."

"He is making his appeal on non-partisan lines, with the liquor issue as the real issue. His courage is to be commended. It is an honest way of making a campaign, although it compels him to separate himself from friends who do not agree with him and to rely for support making on those Democrats and Republicans who take his view of the subject."

"If Mr. Dahlman is elected, it will be a declaration of the voters of the state against county option and against the 8 o'clock closing law. If he is defeated it will be a declaration in favor of county option and in favor of the 8 o'clock closing law. In other words, the voters now have an opportunity to decide whether the state shall go backward or forward on the liquor question."

"To present arguments in favor of going backward would not only contradict what I have always said on the subject, but would embarrass me in the light that I have taken hereafter to save our state from the clutches of the liquor interests."

**DAHLMAN DEFIANT**  
OMAHA, Sept. 20.—Mayor James C. Dahlman, Democratic candidate for governor, tonight hurled defiance at William J. Bryan, who gave out a statement that he would not support the mayor in his gubernatorial campaign.

The mayor's statement follows: "Mr. Bryan and I have been co-workers and friends, political and personal, for twenty years. I have never known him to waver at any point in his career when his enemies assailed him, nor when he was a candidate for office."

"The position I take on the liquor question is purely Democratic, and follows the principles of the Democratic party which have been the basis of my political life. I have always stood for personal liberty, and that is why I am a Democrat."

"The Shrum liquor law of our state has been on the statute books for thirty years. It gives each city, town and village the right to vote saloons in or out, which means self-government. County option, which Mr. Bryan is advocating, enlarges the unit and takes from the people the right of local self-government."

"Mr. Bryan and his friends try to make it appear that this is a brewery issue. The primary election just held in Nebraska has demonstrated that the people of our state have rallied to my support and given me the nomination regardless of politics, because they are opposed to saloons. I am confident that I will carry Nebraska."

## THE LEGISLATURE ON TAX AMENDMENT

FRESNO, Cal., Sept. 20.—Governor Clegg tonight said that he would not call another special session of the state legislature to call the correction in constitutional amendment No. 11 asked for by various commercial bodies.

The governor was seen at Fortuna. He stated that he thought the amendment was valid as it stands, and as two years ago a similar measure was voted down by the people he did not feel justified in placing the burden of extra expense on the state by calling another special session.

The amendment in question will be submitted to the voters at the general election in November. It provides for the separation of state and local taxes, and according to the computation of gross receipts and gross premiums in business houses have been omitted.

**AMERICAN HURT IN IRELAND.**  
DUBLIN, Sept. 20.—Andrew Phillips, reported to be an American, was severely injured today when an automobile occupied by him and his son collided with another car near Gavan.

## HYATT CONSIDERS ROYALTIES HIGH

Makes Report on the Cost of California School Text Books.

SACRAMENTO, Sept. 20.—The biennial report of State Superintendent of Instruction Hyatt for two years ended June 30, 1910, will contain much that is interesting regarding royalties paid for plates and copyrights upon books printed in this state. While the state issues the books and sells them to dealers and this work is done in the state printing office, a minimum of cost, the royalties paid come from the state and in some instances are considered exorbitant.

The following figures show the work done by the state in the way of issuing school books for the last fiscal year and the previous year: Gross amount of sales, \$151,748.58; net amount, \$100,000.00.

No. of books issued, 538,992; net amount, \$100,000.00. Gross amount of sales, \$151,748.58; net amount, \$100,000.00.

To revolving school fund, \$140,574.21; to royalties, \$14,174.37. Total books issued, 538,992; net amount, \$100,000.00.

Gross royalties, \$22,000.00; net royalties, \$17,825.63.

**ARIZONA MURDERERS AFOOT IN THE HILLS**

Capture of Refugees Is Hourly Expected; Trained by Bloodhounds.

HOLBROOK, Ariz., Sept. 20.—In the mountain wilds about Snow White, twenty miles from here, the White Hills, James Stewart and William Stewart, fugitives from justice, are reported to have been captured.

The fugitives' final attempt tonight to escape the bloodhounds and Indian trackers who are hunting them for the murder of Fred Kibbe and Albert E. Hillip, business men of Globe, Thursday, was foiled.

Sherriff J. H. Thompson of Globe, with several deputies, came here today and left tonight with fresh horses. He said his dogs and Indians were only ten miles behind the fugitives, who were captured in the day. The sheriff expects a battle with the former soldiers, who, after slaying Kibbe and Hillip, robbed them of their valuables, weapons and other hunting paraphernalia. They may be captured within the next few hours, said Thompson, and certainly before they reach the food and are traveling in an arid section of the country. The sheriff before leaving, wired to Globe asking the authorities to request the railroad men to instruct all station men to keep watch for the fugitives.

**FINGER MARKS MAY CONVICT MURDERER**

CHICAGO, Sept. 20.—Police Captain M. P. Evans, chief of the bureau of identification, announced late today that and finger prints found on the window sash of the Hiller home responded exactly to those of Thomas Jennings, the negro under arrest, charged with the murder of Clarence J. Hiller at Washington Heights early Monday morning. The finger prints are the only direct evidence which the police now have against Jennings, although he has been identified as an ex-convict and was found with a revolver near the Hiller home shortly after the murder occurred.

## 'STANDPAT' TAWNEY TURNED DOWN BY MINNESOTA VOTERS

Follower of Cannon Defeated by Young Attorney in Winona District.

IN OFFICE 18 YEARS

Supported by Taft, Was Attacked by Roosevelt and Other Progressives.

ST. PAUL, Sept. 21.—Although returns are incomplete it was readily certain at an early hour this morning that Congressman James A. Tawney, of the First district, a Standpat, had been defeated for the Republican nomination to Congress by Sidney Anderson, a young attorney of Lanesboro.

While his manager had not given up the fight, Tawney, who has been a member of Congress continuously since 1892, apparently is beaten by 2000 votes.

Frank M. New of Minneapolis was nominated in the Fifth district by a large majority, as was Clarence B. Miller of Duluth. Congressman Volstead, Sturgeon, Davis and Landberg, all insurgents, were re-nominated by large majorities.

In the Sixth district the result between Fred H. Stevens and Fred Albert had not been decided at an early hour this morning, but Stevens was running ahead and the indications that he would be the winner.

**BAD FOR TAWNEY.**—Thirty scattered precincts gave Tawney 1178, and Anderson 1660, a gain of 265 for Anderson as compared with figures for Knutson, Tawney's opponent two years ago, when Tawney won by less than 3000.

A report from Rochester says Anderson will carry Olmsted county considered the pivotal point in the primaries, by 200 to 800.

Seventy precincts out of 271 gave Tawney 332, and Anderson 828. Tawney is running behind in almost every precinct as compared with the primary vote of two years ago.

He will not carry Winona county, his home, by more than 700, as compared with 1250 in 1908. If he is re-elected, it appears he will go in with the majority of a majority.

**FIGHT WAS BITTER.**—The fight which led up to the primaries today was the most bitter in the history of the district. Tawney has fought in his district for years as a representative of the Standpat. Anderson, a young lawyer residing at Lanesboro, came into the opposition to Tawney late, but immediately began his whirlwind campaign.

He fought Tawney as a Cannonite, the only man of the Minnesota delegation who voted for the tariff bill, and an enemy of Roosevelt.

The address of the ex-President at the St. Paul Convention Congress, in which he attacked directly at Tawney, set off as another bomb for Anderson and he used it in all his utterances.

On Labor Day at Rochester, Gifford Pinchot delivered an address unsolicited, in which he attacked Tawney. The latter's reply to this attack, in which he charged Pinchot with improper use of public money and with defeating the free lumber tariff bill, proved Tawney's only speech of the primaries.

Anderson's address was a denunciation of Tawney's career and the key-note of his campaign. He believed in government by law which made impossible the Roosevelt commissions, the extension of the secret service and the expenditure of money by Pinchot.

Francis J. Schuchman, Wisconsin insurgent, also took the stump against Tawney.

One thing today was the definite shape the movement for increasing the pension for veterans is taking. The cry is "A dollar a day for life." The national encampment is expected to take up the matter.

The National Association of Naval Veterans believes it has a solution of the matter of placing a statue of General Robert E. Lee in the Capitol at Washington. The association at its convention today adopted resolutions at which it did not oppose the placing of Lee's statue in the Capitol, provided it appeared in a bill attire. The naval veterans' leader, William G. McEwan, Philadelphia, commander.

**LOS ANGELES, Sept. 20.**—The mystery of the bullet which struck a man on the head, killing him, and which was reported as being fired from a moving picture theater last night, was partially cleared up today by the report of the autopsy surgeon who examined the wound. The theory that the bullet was fired from a "noiseless" rifle about a mile distant from the shooting, a force of detectives is busy today scouring the locality for a trace of the author of the tragedy, although it is believed to have been purely accidental. The inquest will be held tomorrow.

## LORIMER IS DROPPED BY HAMILTON CLUB

CHICAGO, Sept. 20.—The resignation of Senator William Lorimer from the Hamilton Club was accepted by the board of directors tonight. The meeting lasted from 8 o'clock until midnight. The directors also adopted a resolution sustaining President John Patton in complying with the demand of Colonel Roosevelt that Senator Lorimer be excluded from the club.

Lorimer will be expelled from the club, which has since given to Colonel Roosevelt on September 21st.

**LILLIS SELLS OUT.**—KANSAS CITY, Sept. 20.—Jesse S. Lillis, victim of a knife attack at the hands of John P. Cuddy, today disposed of all but two of his shares in the Western Exchange bank here. Lillis was formerly president of the institution. He will remain the nominal head of the bank until January 1, when new officers will be elected, but Judge W. T. Johnson will be in charge.

The Lillis family will still own an interest in the bank, however.

**TRAIN IS DERAILED.**—DES MOINES, Sept. 20.—The east-bound Rock Island passenger train No. 60 was derailed at 6 o'clock this evening near Kotsa, a small station between Kansas and Washington. No one was injured.

## CAPITALIST FOUND WITH THROAT CUT

Had Evidently Been Killed for His Money Five Days Ago.

SEATTLE, Sept. 20.—The body of E. Cogger, a wealthy timber land owner of Washington county, was found today in a sewer trench under an old house here with the throat cut from ear to ear and an eye blackened from a blow. The police say the man was killed. There were five wounds in the throat. Cogger had evidently been dead about five days.

Cogger's body was found by an Italian laborer. At the morgue Cogger was identified positively by Mrs. Cogger, who reported to the police on September 18th that her husband was missing and that she feared foul play.

Mrs. Cogger says she believes her husband had drawn \$400 from the bank just before he disappeared. The police believe that Cogger was murdered for his money.

**PRINCE EN ROUTE EAST.**—RENO, Sept. 20.—The special bearing Prince Tsai Shun passed through Reno at 8:30 o'clock tonight without stopping. The Prince was seen seated in the observation car in conversation with Charles M. Schwab.

## VETERANS DEMAND BIGGER PENSIONS

"Dollar a Day for Life" Is the Claim of G. A. R. Men in Convention.

ATLANTIC CITY, N. J., Sept. 20.—Veterans attending the national encampment of the Grand Army of the Republic were formally welcomed to Atlantic City tonight at a monster meeting on the million-dollar pier.

The big event in the parade tomorrow. Vice-President Sherman will review the veterans with Commander-in-Chief Van Sant and Lieutenant-General Nelson A. Miles. T. S. A. retired.

The campaign for the next commander-in-chief continues in earnest. The candidates are Commander John E. Gilman of Boston and John McElroy of Washington, D. C.

One thing today was the definite shape the movement for increasing the pension for veterans is taking. The cry is "A dollar a day for life." The national encampment is expected to take up the matter.

The National Association of Naval Veterans believes it has a solution of the matter of placing a statue of General Robert E. Lee in the Capitol at Washington. **NOTABLE MASON DIES.**—JANAMIE, Wis., Sept. 20.—Jethro T. Janamie, president of the W. H. Hamilton company, and past grand master of Masons and past grand commander of Knights Templar of Wisconsin, died suddenly at his home here today. He leaves a wife, a daughter and two sons.

## ITALIAN STRIKERS LYNCHED BY FLORIDA MOB

Two Men Were Under Arrest as Accessories to Murder.

HANGED TO A TREE

Over Fifty in Crowd Took Prisoners From Deputy Sheriffs.

TAMPA, Fla., Sept. 20.—While being transported to the county jail tonight at 9 o'clock, Gastone Fioravanti and Angelo Albano, two prominent Italian strikers who have been conspicuous in the cigar strike here, were taken from deputy sheriffs and hurled to a heavily wooded place nearby and hanged to the limb of a tree.

They had been arrested at 6 o'clock in the evening by deputy sheriffs charged with being accessories to the shooting of J. F. Easterling, a bookkeeper, several days ago. They were first locked up in the West Tampa barracks and then placed in a hack and started toward the county jail in Tampa. They were accompanied by Deputy Sheriffs E. J. Wood and J. M. Brown.

Sometime fifty or seventy-five armed men halted the party. The officers were told to get out and the driver ordered to turn around. The prisoners, handcuffed to each other, were then ordered to alight.

As the two prisoners were marched off, the officers hurried to the nearest telephone and sent a message to headquarters.

When Police Chief Woodward arrived on the scene, no one was in sight. He was greeted with the gruesome sight of the two bodies swinging in the moonlight. The two deputy sheriffs stated that they believed the lynching party was composed of Italians and Cubans.

## ENGINE FALLS INTO RIVER; ONE KILLED

CANON CITY, Colo., Sept. 20.—The hanging bridge of the Denver and Rio Grande railroad to the Royal Gorge was the scene of a freight wreck today when the engine, loaded with coal, fell into the river twenty feet below. Head brakeman W. H. Fleckinger was killed and Engineer Nolan and Fireman Reicher were injured.

## HOBBLE SKIRT IS "GOING OUT"

CHICAGO, Sept. 20.—The beginning of the end of the hobble skirt is noted here today in convention. It was stated that skirts are already widening out and many of the modistes declared that their advice to women was to "don't." All of which is in despite the fact that shop windows which make a feature of the "hobble" are still in evidence.

## WILL PLEAD GUILTY TO SAVE HIS WIFE

Couple Arrested on a Charge of Using the Mails to Defraud.

CHICAGO, Sept. 20.—To save his wife from prison, Isaac R. Warren plans to plead guilty to a charge of using the mails to defraud through a "fake" matrimonial bureau and accept sentence without making a defense.

Warren was indicted more than a year ago by the federal grand jury. Shortly after his indictment, Warren fled from the city, going to Buffalo, N. Y., where he operated a similar scheme. He was arrested by the New York state authorities and was given a year's sentence.

Upon his release from prison a week ago, a deputy United States marshal placed him under arrest on a fugitive warrant and brought him to Chicago. "For the sake of my 4-year-old boy, I don't want my wife to face the disgrace of criminal trial," Warren declared yesterday in the United States marshal's office. "I am willing to plead guilty if it will save her from punishment."

Warren and his wife will be arraigned in Judge Landis' court today.

## SENSATIONAL PRIEST IS DEAD AT PARIS

PARIS, Sept. 20.—Father Olivier, who delivered a sensational sermon at the funeral of the victims of the Charity Bazaar fire in May, 1907, died today.

## SAYS HIS SISTER IS KEPT PRISONER AT POINT LOMA

SAN DIEGO, Sept. 20.—George L. Patterson, who is contesting the will of his mother, Harriet P. Thurston, which gives Katherine Tingley a legacy of \$150,000, applied for a writ of habeas corpus this afternoon for his sister, Julia P. Quinn, who, he alleges, is at the Point Loma home.

In his petition Patterson alleges that his sister, Julia P. Quinn, is unlawfully imprisoned and detained of her liberty by Katherine Tingley, Clara Thurston and L. P. Wood at the Point Loma home.

Next comes this allegation: "That your petitioner has made several applications to see said Julia P. Quinn; that on the first two said occasions your petitioner was permitted to see said Julia P. Quinn, but was not permitted to converse with her alone or to have any private talk with her, and that during all of said conversation the said L. P. Wood was constantly present, listening to everything that your petitioner said to Julia P. Quinn." It is then asserted that on Saturday when Patterson for the third time went to the home to see his sister he was not allowed to do so.

The writ was issued and made returnable tomorrow.

## LIQUEFACTION OF SAINT'S BLOOD

Italians Take It as Evidence That the Cholera Peril Is Over.

NAPLES, Sept. 20.—The phenomenon of the liquefaction of the blood of St. Januarius took place today, after prayers lasting fifty-five minutes, in the presence of a great multitude. The people interpreted the rapidity of the liquefaction as proof that the peril from cholera is over.

In the great church at Naples there are preserved the head and some of the blood of Januarius, bishop of Benevento, who was beheaded for the faith near Puteoli. The blood, as his keeper, several days ago. They were first locked up in the West Tampa barracks and then placed in a hack and started toward the county jail in Tampa. They were accompanied by Deputy Sheriffs E. J. Wood and J. M. Brown.

Sometime fifty or seventy-five armed men halted the party. The officers were told to get out and the driver ordered to turn around. The prisoners, handcuffed to each other, were then ordered to alight.

## HEIR OF DANISH ESTATE IS FOUND

Wanderer Is Employed in Commissary Department of Railway.

SEATTLE, Sept. 20.—A well dressed man of 30 went to a detective headquarters today and said that he was Olof Holstein, the sailor, who has been trailed for two years at the request of the King of Denmark as the heir to an estate and title in Holstein. He has been known in this country as Ben Suhr.

"I am not the son of Countess Holstein, but the eldest son of her sister, who died several years ago. However, I am the heir to the title and estates of the Holstein family."

"The reason that they are seeking me is that the estate of my mother, which amounts to several million dollars, has never been settled on account of my absence. I wired yesterday to the Countess my whereabouts and as soon as I can close up my affairs here I shall leave for Copenhagen to again take my place in my family."

Suhr is now employed by the Milwaukee Railway in charge of the commissary department. He left for Spokane today.

The search for Holstein, urged constantly by the Danish Brotherhood of America, has led over the seven seas, where he was a sailor, into Texas and into the gold fields of Nevada and Alaska, where he was a miner.

## FATAL AUSTRIAN COLLISION

VENNA, Sept. 20.—Seven persons were killed and twenty-nine injured by a collision between express trains today near Rotterdam.

## SHERMAN DEFEATED IN HIS HOME ASSEMBLY DISTRICT

Both Sides in New York Fight Claim Victory as Result of Primaries.

NO ROOSEVELT SLATE

Headquarters for Progressives Has Been Established at Saratoga.

NEW YORK, Sept. 20.—Vice President James C. Sherman, candidate of the Old Guard for temporary chairman of the Republican state convention, was defeated in his own assembly district, the Second of Onondaga county, in his own ward in the city of Utica, at the primaries today.

According to reports received at Republican state headquarters, the Old Guard forces carried the First and Third assembly districts of Onondaga county and will have the support of fourteen delegates, while the Progressives will control nine.

As the result of primaries held today in Buffalo, Rochester, Syracuse, Albany, Troy and in other cities and counties up-state, Timothy L. Woodruff, chairman of the Republican state committee and William Barnes, Jr., at Albany, tonight predicted Sherman's election as temporary chairman of the state convention by a substantial majority.

Lloyd C. Griscom, president of the New York county Republican committee, tonight declared that Barnes' claim that Sherman would have a majority of fifty-five in the convention was absurd and expressed confidence that Colonel Roosevelt would be named. Griscom said:

"The action of the Republican voters of Mr. Sherman's own district in repudiating him at the polls will have a profound effect on the party throughout the state of New York. President Taft's letter to Mr. Sherman, which he received this morning, is a direct rebuke to the defeat by which Sherman's election as temporary chairman of the convention was accomplished. The voters of his own home have shown their disapproval and voiced in a practical way the general sentiment of the best element in the party throughout the state."

"Mr. Sherman cannot even go to the state convention as a delegate from the district in which he lives." Chairman Woodruff was advised of the results in Onondaga county by State Committeeman Daniel E. Strobel of Hamilton, an ex-Mayor Thomas Wheeler of Utica.

"They report," said Woodruff tonight, "that the organization has elected 23 out of 32 delegates in the Onondaga district. The congressional district and they express themselves as entirely satisfied with the result in view of the tremendous fight made against him."

"Mayor Wheeler said that Mr. Sherman would head the delegation from the first congressional district, and I do not doubt that he will be elected temporary chairman of the state convention by a substantial majority."

NEW YORK, Sept. 20.—Theodore Roosevelt denied today that he had gone to New York to seek the help of President Taft in the New York state fight and that the President had refused the request. Colonel Roosevelt said that Lloyd C. Griscom, president of the New York county Republican committee, had asked him to indicate committee, and he had declined. He said he was not the President and himself. Griscom confirmed Colonel Roosevelt in this.

Colonel Roosevelt gave out this statement regarding the interview: "Without any suggestion from me, Mr. Griscom called on me at my home to meet the President and I said that of course I would. He had at first mentioned New York as the place of meeting, but wired me at Syracuse on Saturday that it would be New Haven and thither I went accordingly."

"I sought no help from the President and made no request of the President, directly or indirectly, and had no request to make. Our interview was most cordial and pleasant. I took my place in my family."

Suhr is now employed by the Milwaukee Railway in charge of the commissary department. He left for Spokane today.

The search for Holstein, urged constantly by the Danish Brotherhood of America, has led over the seven seas, where he was a sailor, into Texas and into the gold fields of Nevada and Alaska, where he was a miner.

**PARIS, Sept. 20.**—Father Olivier, who delivered a sensational sermon at the funeral of the victims of the Charity Bazaar fire in May, 1907, died today.

Father Olivier was a strong and fluent preacher of Christian Socialism. Years ago he made a tour of America and preached in New York. The investigation of the causes that led to the Charity Bazaar fire, when scores of lives were lost, developed criticism of the management of the entertainment and much bitter feeling. Father Olivier's outspoken remarks on the subject incorporated in a funeral sermon caused his removal from the pulpit of the Cathedral of Notre Dame.

## DOGS AND CATS' TABOO AT FORT

General Funston Issues Stringent Orders, to Stop Rabies.

FORT LEAVENWORTH, Kan., Sept. 20.—Every cat on the Fort Leavenworth reservation, the largest military post in the country, must leave or suffer the death penalty, by order of General Funston, issued today. The order also curtails the liberties of any dogs that may conclude to remain at the fort.

The order was prompted by the fact that a dog with rabies recently bit an officer and then a cat developed the same disease. General Funston's order states:

"No cats, confined or unconfined will be allowed on the reservation. All persons having family pets of that description which they don't wish to have killed may send them to some place off the reservation for keeping until the provisions of this order relative to cats may be rescinded.

"Persons who prefer to have their cats killed but don't wish to do so themselves may take them to the veterinary hospital, where they will be humanely put to death by means of chloroform."

If cats cannot be caught the order states that shotguns may be used by officers and members of the guard. As to dogs, all pets must be muzzled at all times, and none will be allowed to run at large between retreat and reveille.

The order concludes: "Until further orders, no person on this reservation will acquire any further dogs or cats."

## ANNUAL BUILDING AND LOAN REPORT

Institutions Decrease in Number But Increase in Assets.

SACRAMENTO, Sept. 20.—The annual report of the State Building and Loan Commission, has been filed with the governor for the year 1909-10. This embraces the results of tabulations of the annual reports of the 107 associations of the state, of which 106 are known as local and seven as state associations. These show aggregate assets of \$21,245,174.42.

An examination of the former reports show that while the number of associations is gradually growing smaller, the volume of assets maintains a steady increase.

The report says briefly: "Notwithstanding the lapse of time and the large number of associations formed in the past thirty-eight years, there is no class of financial institutions regarding which the general public understands so little."

The report for the year shows that the 107 associations now in existence have a membership of 32,119. Of this, 13,881 were borrowers and 2,425 made loans last year for the purpose of building new places, mostly individual residences.

Since the creation of the building and loan commission, loans for building purposes aggregate \$4,702. The average investment is about \$55.60 per capita.

## LORIMER COMMITTEE ADJOURNS FOR DAY

Will Not Proceed With Investigation Without a Full Membership.

CHICAGO, Sept. 20.—No definite plan of procedure was reached today by the Senate committee here to investigate charges of bribery in connection with the election of Senator William Lorimer of Illinois. One Democratic and one Republican senator, members of the investigating committee, were absent when the members were called together informally by Senator Burrows of Michigan.

In the absence of the two members, Senator Frazier of Tennessee and Senator Bulkeley of Connecticut, it was decided not to attempt to lay any plan for the work of the committee. Most of the committee members were opposed to going ahead with the preliminary meeting until the full membership was present. Whether this precluded an adjournment to a later day or was solely out of courtesy to the absent ones, none of the committee would intimate. By the time the committee is called to a secret session tomorrow afternoon, Chairman Burrows expects to know definitely whether Senators Frazier and Bulkeley can attend.

## NEW YORKERS ARE TO ATTEND AN ATLANTA CELEBRATION.

NEW YORK, Sept. 20.—The invitation extended through Colonel J. F. Burke of Atlanta, Ga., who was accompanied by Colonel Daniel Appleton of the Seventh Regiment City Guard on behalf of the old and new city and the Chamber of Commerce and citizens' committee of Atlanta, to attend the unveiling of the Gate City Guard monument in October, 1911, at Atlanta, was enthusiastically accepted by the board of aldermen of New York today.

The invitation was the result of official courtesies shown to the Gate City Guard when they visited many Eastern cities after the Civil war, for the purpose of allaying sectional animosity and to join hands for a prosperous reunion of the states.

## CENSUS REPORT.

WASHINGTON, Sept. 20.—The following census figures were given out today:

Canton, Ohio, 50,317, an increase of 19,850, or 39.7 per cent as compared with 30,467 in 1900.

Little Rock, Ark., 45,841, an increase of 7,434, or 19.9 per cent, as compared with 38,407 in 1900.

La Crosse, Wis., 36,417, an increase of 15,322, or 42.3 per cent, as compared with 21,095 in 1900.

## SAFE IS CRACKED.

MISSOULA, Mont., Sept. 20.—Burglars forced an entrance into the freight office of the Chicago, Milwaukee and Puget Sound railroad last night and wrecked the safe with a charge of dynamite. Cash amounting to about \$200 was taken, together with about \$2000 in checks.

## LOS GATOS MAN DIES.

SAN JOSE, Sept. 20.—D. P. Simons, one of the most prominent of the business men of Los Gatos, and a member of its board of trustees, died suddenly at 10:30 o'clock this forenoon, just after returning to his home from downtown apparently good health. Heart disease was the cause.

## POLITICAL ADDRESSES.

NEW YORK, Sept. 20.—Announcement was made today that Colonel Theodore Roosevelt would address the National Republican League convention in Carnegie hall in this city on September 26.

President Taft will speak at the banquet to be given Saturday night, October 1, at the Hotel Astor, in connection with the convention. Vice-President Sherman will be another guest at the banquet.

## BALLINGER AT DENVER.

DENVER, Colo., Sept. 20.—The Denver Chamber of Commerce has arranged to entertain at luncheon tomorrow Secretary of the Interior R. A. Ballinger who will arrive here from Salt Lake tomorrow night. Secretary Ballinger will discuss irrigation and land values in his Denver address and several others will speak on the same subject.

## WILL HAVE 3,000,000.

ATLANTA, Sept. 20.—The prediction that by 1919 the Independent Order of Odd Fellows will number 3,000,000 members if it continues its present rate of increase was made by J. B. Goodwin, grand secretary of the Sovereign Grand Lodge at the opening of the annual convention. The hundredth anniversary of the order falls in 1919.

## URGES RIGHT TO BOYCOTT.

DES MOINES, Ia., Sept. 20.—President Henter of the International Brotherhood of Carpenters and Joiners of America, in his report read at the sixteenth biennial convention today, declared the right to boycott was the handmaiden of the right of free speech, and urged union men to insist on that right without judicial interference.

# Fall Opening

Wednesday,...Thursday,...Friday...

WE are ready to begin our fall demonstration...Not only an exhibition of merchandise, but a demonstration of very low prices for most excellent goods.

Our new tailored suits for women are remarkable for character, individuality, quality of materials and careful tailoring.... They comprise reproductions of the latest imported styles from the ateliers of Paquin, Drecol, Daucet, Templier, Bechoff-David, Worth, Martial-Armand and other famous originators of fashions....

We made our selections, fully realizing that what the well-dressed woman of Fresno wants is not freakishness or loudness either in fabric or design, but rather distinctive and genteel elegance coupled with style and quality.

Direct connections with the foremost women's tailors in America enable us to show the latest styles as soon as their worthiness is established.

Large orders give us a prestige in buying that allows us to sell at prices as near the actual cost of production as can be done by the leading metropolitan stores.

We are the largest buyers of millinery in Middle California, our purchases from one manufacturer aggregating nearly a whole car-load, and the number of hats made in our own workrooms by our own skillful makers has grown to over two thousand in a single season.

We also lead in silks, dress goods, suitings and trimmings, showing greater assortments in each line than can be found in any other store in this city, a statement your own eyes will readily verify.

All these lines and many others are now ready, positively the grandest collection of its kind in this valley, you to judge the truth of the claim.

## SHERMAN DEFEATED IN HIS HOME ASSEMBLY DISTRICT

(Continued from Page 1.)

to say on the state situation. He took luncheon with Reginald Post, former governor of Porto Rico, and with J. H. McFarland of Harrisburg, Pa., president of the American Civic Association.

It was learned that the fight of the Roosevelt forces at Saratoga is to be an open one and that no candidate has been agreed upon for governor or for any other office. It is expected the Roosevelt men will go to Saratoga without a slate and that there will be no indication which one of the dozen or more men who have been mentioned prominently for the gubernatorial nomination will receive their support. The state known to exist, however, a feeling that a newspaper up-state man should be chosen if it is a Barnes plaintive.

## ALBANY, Sept. 20.—A clear majority of fifty-five votes for the selection of Vice President Sherman as temporary chairman of the New York state Republican convention over Colonel Roosevelt was claimed tonight by William Barnes, Jr., as a result of the up-state primaries today.

Barnes, who has been leading the fight of the Old Guard, declared that the real contest at Saratoga will be in the committee on resolutions. This committee will consider the question of direct nomination. Barnes gave out this statement:

"Mr. Roosevelt was defeated in the state committee by a vote of 20 to 15 and then Mr. Sherman was unanimously chosen as the temporary presiding officer of the state committee. To question that determination on the floor of the convention is equivalent to bolting a nomination."

"This is known as 'political witching' and had Mr. Roosevelt defeated Mr. Sherman in the state committee that would have been the end of that controversy. Mr. Roosevelt has not acted as Sherman would have done, questioning the unanimous action of the committee. They are equal before the party. Roosevelt has no superior rights as man to any other man."

LAWRENCE, Mass., Sept. 20.—Seven meat dealers were indicted by the Essex county grand jury today on charges of giving false weights. The dealers indicted included Swift & Co., Armour & Co. and John P. Squire & Co.

## MARICOPA NATIONAL STOCKHOLDERS ASSEMBLE

Appoint Committee to Make Investigation and Take Any Action.

### THOMAS MAKES REPLY

Cleary and Martin Endeavor to Buy Out Iversen and Harvey.

The affairs of the Maricopa National Petroleum Company, which have been in the limelight recently, will be given a more complete investigation than ever before during the next few weeks and at the end of that time, if the affairs of the company and its management are unsatisfactory to the stockholders, some action will in all probability be taken.

Thirty-two stockholders of the company were present at a meeting held last night in Judge Smith's court room to discuss the situation and decide what action ought to be taken. Bart Harvey presided and C. A. Telfer acted as secretary.

George W. Cartwright made a somewhat lengthy talk on the matter, but advised the stockholders to be conservative and not to act rashly. The stockholders concurred in the belief thus expressed by Cartwright and resolved to do nothing until all the facts are before them.

A committee consisting of George W. Cartwright, C. A. Telfer and William Glass was appointed with power to act for the stockholders. This committee, however, asked for an advisory committee and the following were appointed to advise them in their actions: A. Iversen, Fred W. Gregory and Thomas E. Collins.

A. S. Cleary, president of the Maricopa National Company, and George V. Martin, its secretary, approached A. Iversen and Bart Harvey yesterday and offered to buy out their entire hold-

### THE DIAMOND AS AN INVESTMENT

The man or woman who wears a diamond also wears an air of prosperity that is far reaching in its influence. These are commercial times, and to be successful you must LOOK IT. People are always judged at first by their appearance. As an investment, the diamond is in a class by itself, because, outside of its intrinsic value, it has the added value as an adornment. When you are ready to buy a diamond, at whatever price, there are plenty of reasons why you should come here.

# NATIONAL-POLLARD OPERA COMPANY PRESENTS AT BARTON TONIGHT GILBERT AND SULLIVAN'S MOST FAMOUS COMIC OPERA, "THE MIKADO"

Eva Pollard and Kathleen George in "The Mikado" at the Barton with the National-Pollard Comic Opera Company.

The National-Pollard Opera Company comes to the Barton tonight, when it will present Gilbert & Sullivan's famous comic opera, "The Mikado," with a cast of principals and a chorus that would attract attention in any city in the world. Those who remember the Pollards in years gone by, when, as children, they delighted audiences with their clever rendering of light opera, will find an added pleasure in seeing some of the adults—the

"grown ups"—the former stars of the big juvenile production, in the best of all comic operas, which will be given a sumptuous revival.

"The Mikado" is now enjoying a New York run and its revival was one of the events of the season. It is admitted by the musical world to be a pattern on which all comic opera can be modeled. Certain it is, "The Mikado" has never been excelled in charm, for although

twenty years have gone by since its inception, it is now attracting more attention than any other musical offering before the public. The revival at the New York Casino theater has already had a run of several months. The conjunction of the National Opera Company with the Pollard organization makes this the strongest combination that has ever toured the country.

## LILLIS BACK FROM EUROPE.

KANSAS CITY, Sept. 20.—Jere S. Lillis, whom John P. Cuddey cut with a knife after finding him in the Cuddey home at midnight on last March 6th, returned here today after an extended trip in this country. Shortly after Lillis was discharged from the hospital where he went to have his wounds dressed, he started traveling. It has been reported several times he did not intend ever to return here.

He said it was probable he would begin an extensive pleasure trip soon.

## SPINNERS' LOCKOUT IS THREATENED IN ENGLAND.

MANCHESTER, Sept. 20.—The Federation of Master Cotton Spinners met today and decided on a general lockout on October 1, unless the Fern mill dispute at Oldham is settled before that date. In the event of a lockout, 150,000 operatives will be affected directly.

## GOULD AND OTHERS SUED FOR MILLIONS

Finances of Wabash-Pittsburg Terminal Co. to Be Adjusted.

PITTSBURG, Sept. 20.—Henry W. McMasters and Francis H. Skelding, directors of the Wabash-Pittsburg Railway Company, have been authorized by Judge Orr, in the United States District Court, to bring an action in their own names and as re-

ceivers against George J. Gould, Joseph Ramsay, Jr., Myron T. Herrick, and James Hason Hyde, to obtain an accounting for the recovery of money that may be due their company or the plaintiffs as receivers.

The petitioners recite that the defendants formed the Pittsburg-Toledo syndicate in 1901, and in 1904 they created the Wabash-Pittsburg Terminal Company and sold in the Terminal Company, the outstanding stock of the Wheeling & Lake Erie Company. The Terminal Company then issued \$6,000,000 first mortgage bonds and delivered them to the Wabash Railroad Company, which paid to the syndicate and its managers \$6,000,000 with interest on the bonds.

The syndicate managers are then alleged to have called the unpaid syndicate subscription, in response to which they received about \$8,700,000, which they refused to pay to the Terminal Company.

## MYSTERIOUS PRISONER FOUND TO BE INSANE

Once Army Officer, He Re-Enlisted as a Private and Then Deserted.

WASHINGTON, Sept. 20.—The doors of the government asylum for the insane have closed upon Private Clarence E. Landman, Sixty-Ninth Company, Coast Artillery Corps, of some time the public was treated to stories of a young naval officer who could not be fully identified but was being held mysteriously by the military authorities in Castle William in New York harbor. This was Landman, who really was a naval officer. He was from Kentucky, a graduate of the naval academy, and reported to an enemy in 1905.

Why he resigned his commission to enlist afterwards as a private soldier, to desert from Fort Mifflin last March and then to surrender voluntarily at a Brooklyn recruiting station, the military authorities were at a loss to guess.

His friends in Louisville and Washington were convinced that his mind was unbalanced, and had a medical board appointed which has confirmed their judgment.

## NOTED MORMON WOMAN DIES AT SALT LAKE

SALT LAKE CITY, Sept. 20.—In the death of Mrs. Bethsabee Wilson Smith, who succumbed today to the effects of a stroke of paralysis suffered several months ago, the Mormon church loses the president of the general board of its relief society, whose jurisdiction extends throughout the world, and a woman whose name is linked with every notable movement of the church recorded since the Nauvoo days.

Mrs. Smith was one of the eighteen women who attended at the organization of the relief society at Nauvoo, in March, 1842, when the prophet Joseph Smith, president, was one of the directors of the Desert Hospital and presided for ten years over the relief society in all the world.

When the women of Utah were making the campaign for suffrage, Mrs. Smith took an active part. She was married in 1841 to George A. Smith, first cousin to the prophet. Mrs. Smith was 88 years old.

**KILLED BY NEGRO BURGLAR.**  
CHICAGO, Sept. 19.—Clarence D. Hiller, chief clerk of the Chicago, Rock Island and Pacific railroad, was shot and killed early today by a negro burglar he found ransacking the Hiller home. The murder was witnessed by the victim's wife and two daughters, who were aroused when Hiller attacked the intruder at the foot of the stairs. The men fought several minutes, finally rolling to the foot of the stairs. The negro fled.

Prof. Carmen will be buried alive at the Airdome Friday night. Buried 3 days and a night without food or water. Burial takes place at 8 o'clock. Boston Airdome, 1 and Kern Sts.

## JURY ACCOSTED BY BANKER'S ENEMIES

BELLINGHAM, Wash., Sept. 19.—Attorneys for M. J. Wally, former president of the defunct Home Securities bank, who was placed on trial yesterday on charges of having received deposits after the bank became insolvent, moved today for the dismissal of the entire jury panel because the jurors while on their way to breakfast were huddled with the about "Stick it to him; he got a thousand dollars of my money," from a man on the sidewalk. The court denied the motion.

W. C. Willard, a feed dealer, who accosted the jurors, was given until tomorrow to prepare a defense against a charge of attempted jury tampering.

## NEW STOCK ISSUE FOR OREGON SHORT LINE

NEW YORK, Sept. 20.—Stockholders of the Oregon Short Line railroad company, controlled by the Union Pacific railroad, will be asked to approve a proposition to increase the capital stock of the company from \$27,500,000 to \$100,000,000.

It will come up for approval at a stockholders' meeting on October 12 at Salt Lake City.

All of the stock of the Oregon Short Line is owned by the Union Pacific. Officials of the Harriman lines said today that should the increase, which amounts to \$72,500,000 be granted, no new stock would be issued in the near future, but that it would be held for emergency purposes, although the expectation is that the money will be used for new construction on the Oregon Short Line next year.

## RUSSIA GIVES UP THE RULOW CASE

ST. PETERSBURG, Sept. 20.—The foreign office decided today to waive the claim of extradition in the case of Andrew Rulow, the music teacher who was arrested in Boston August 13, charged with participation in the theft of government notes which were being carried in a wagon from the imperial sub-treasury at Tiflis to the postoffice.

The Russian consul at Boston had been instructed to bring a civil suit for the recovery of fourteen notes for \$250 each, which are said to be in the possession of Rulow, or to have been negotiated by him.

The bulk of the 200 notes stolen at the time of his arrest are said to be in America.

## U. S. TROOPERS TO VISIT COALINGA ON WAY TO MONTEREY

Local Citizens Prepare Camp Site and Supplies for Cavalrymen.

## Two Fines Imposed on Man for Fighting Two Bull Dogs in Street.

COALINGA, Sept. 20.—A letter was received this morning from the assistant postmaster from D. L. Roeder, first lieutenant of the First California cavalry, to the effect that the troopers would arrive in Coalinga tomorrow morning at 11 o'clock and requesting that arrangements be made for camping grounds and supplies. The letter was turned over to Guy H. Salisbury, who with Frank Cheney, W. H. Kerr and H. L. Peeler, succeeded in securing permission from C. A. Hively to allow the troopers to camp on the U. S. O. grounds, opposite the Union Oil company supply station.

The soldiers will remain in Coalinga for two days before continuing on their way to Monterey. They will be met by the citizens of Coalinga who will meet the troopers about one mile out of the city and conduct them to their camping ground. There are 65 men in the company and they have 165 head of horses.

For fighting dogs and disturbing the peace, Roy Saunders was given two fines of \$10 each for the charges under which he was arrested Sunday. Saunders was brought before Judge Evans yesterday morning and turned over to Colonel DeLong of the humane association, for investigation and to appear this morning for trial, with the result above stated.

Sunday morning Saunders, who resides in a tent in the vicinity of the baseball park, attracted the attention of several residents of the neighborhood by the terrible racket he created by the fighting of two vicious bull dogs. As the fight proceeded Saunders encouraged the animals in their battle. One or two of the neighbors interfered with the proceedings, after which they came up town and had the fellow arrested on the charges.

The board of trustees for the grammar school which opened yesterday morning with the largest enrollment of pupils in the history of the Coalinga school, held a meeting this morning and decided to erect two large tents on the lot in the rear of the new grammar school, for the accommodation of the many children who cannot be taken care of in the present quarters.

It will also be necessary for the board to secure two more teachers to conduct the classes in the temporary quarters which will be ready for occupancy next Monday morning. In the meantime, the third grade classes will be given an additional week's vacation and will not convene until the completion of the tent room.

B. Smith, Fresno county tax collector; V. P. Smith, his son and chief deputy; A. Johnson, a deputy, and S. T. Smith, state senator of Washington, a brother of the tax collector, were in Coalinga today and were shown over the city and field by H. R. Crocker, of the Bank of Coalinga. A. B. Smith is the candidate of both parties to succeed him self to the office of tax collector and his election is assured.

## HANFORD TO VOTE ON SEPTIC TANK

City Engineer Jensen will put on a crew today to make a survey for the septic tank and sewer connections for the city of Hanford, for the construction of which the townspeople will vote on a bond issue. Mr. Jensen has made the plans for the project and the survey is preliminary to the construction of the probable cost of construction to be voted on. The city of Hanford has a sewer farm of 120 acres south of town and this is to be connected by two miles of 24-inch sewer pipe with the town. Mr. Jensen figures on a septic tank about 100x200 feet in dimensions.

## SUPERVISORS REDUCE MADERA TAX LIST

It is 40 Cents Less in the County and 35 Cents Less in the City.

MADERA, September 20.—The board of supervisors yesterday fixed the state and county taxes, which are 40 cents cheaper on the outside rate than last year and 35 cents cheaper than the inside rates. The outside rate was fixed at \$1.80 on the hundred and the inside rate at \$1.45 on the hundred. The special rate for the various school districts is as follows:

City of Madera, high school, 10; grammar school special, 15; bond, 15. Arroyo, bonds, 16. Merced, 28. Eastern, 20. Knowles, 40. General, 20. The total rate on city property is \$3.25.

The Madera school trustees will leave for San Francisco and Oakland next Friday to visit some modern school buildings for the purpose of getting ideas which they will embody in the plans for the new school building.

W. H. Christmas, a real estate man of San Jose, was here on business today. He is largely interested in real estate here.

J. D. Brown (colored) was tried before a jury last evening for fast driving. The jury standing 10 to 2 for acquittal. Brown pleaded his own case. His defense was that the horse was going home and he could not hold the animal in.

## RIVAL RAILROADS CLASH OVER RIGHT-OF-WAY NEAR LATON

Charles King and Gang of Men Tear Up Track of Nares Line.

Laton and Western Officials Seek Protection From County Officers.

LATON, Sept. 20.—The first sharp clash between the rival railroad companies occurred this morning about six miles southwest of here. Charles King, promoter and president of an electric line with a terminal at Hanford, with a force of about twenty men, and a team of horses, came to a portion of the track laid by the Laton and Western company where the two routes cross, dragged it out of the way and started building his own grade across the property.

The angry quarrel here and local officials of the Laton and Western rushed to Hanford with a view to protecting their rights, which they claim are being infringed upon. The land in question lies in Kings county.

The proposed intersection is on a forty acre tract purchased by L. A. Nares, promoter of the Laton and Western while securing his right of way. The two companies, it is said, could not come to mutually satisfactory terms concerning the place and manner of crossing. King filed condemnation proceedings in the Kings county court and those interested in his project claim the judgment prayed for was given him. Local rumors deny this.

King has a gang of men working at Hanford, where considerable track has already been laid, one gang building the approaches for bridge across the Kings river and one gang actively engaged at the scene of hostilities.

The Laton and Western has a gang working just west of here and a large gang near the contested point and is using men as fast as they apply for work.

Laton is enjoying a genuine building boom. Saunders & Co., the new hardware and plumbing firm, began work this morning on a frame structure on D street. This will house the company's business pending the construction of a brick building after which it will be used as a work shop. Schneider & Dowling's new brick on Front street is rapidly nearing completion. Work on the new concrete block building on D street to be occupied by N. Wallace Jones with a harness shop is progressing nicely.

T. E. and E. P. Blanchard have laid the foundation for their new concrete block department store. Several carloads of the blocks are on the ground and the work of construction will soon be under way.

Plans for several other substantial structures are in an embryonic state and definite announcements are expected in the course of the next few days.

## BOUNDARIES FIXED OF CITY PRECINCTS

Those in Town Are Unchanged, But Three New Ones in School District Added.

In the ordinance adopted by the city board describing the city election precincts those within the corporate limits are the same as recently established by the board of supervisors for state and county elections in re-precincting the county. Those for the election of school directors are new, but the boundaries have been fixed so that they will coincide as near as may be with other precincts of the county covering the territory as far as possible in the registration applicable to the precincts. The three new school district precincts outside of the city limits are:

East Fresno, to include sections 1, 2, 11 and 12, and all of 19 outside the city corporate limits and the NW 1/4 of 15-14-20.

Belmont—Sections 21, 22, 27 and 28, NW 1/4 and NW 1/4 of 34, W 1/4 and SE 1/4 of 35-13-20.

Hodges—Sections 31 and 32, all of 23 outside of the limits, E 1/4 and SW 1/4 of 23, E 1/4 of 30-13-20, and NW 1/4, NE 1/4 of SW 1/4 and NW 1/4 of 34-14-20.

## ORE OF FABULOUS VALUE REPORTED FOUND IN UPPER SIERRAS

Amateur Geologist on Vacation Makes Pick-Up of Nearly \$1400.

Installing Electroliners in Porterville Meets With General Favor.

PORTERVILLE, Sept. 20.—What is believed to be the richest find of ore ever located in the upper Sierras is that located by Richard Childers, near the foot of Mt. Denison, and upon which he has just filed location papers.

Mr. Childers, who is an amateur geologist and who has done some prospecting, ran across the ledge by pure accident while on an outing in the hills this summer. He found an outcropping which showed free gold in the quartz and picking some of the likely samples, stated out his claim, with the local discovery stake and boundary lines and proceeded with his summer camping trip.

## REGISTRATION ALMOST COMPLETE IN COALINGA

Several Candidates Appear Before Republican Club and Make Talks.

(Special to the Republican.)

COALINGA, Sept. 20.—The Coalinga Republican club held an enthusiastic and well attended meeting tonight at which many matters of local importance came up for discussion. The matter of registration was brought up in the course of the meeting but the general opinion seemed to be that the voters in Coalinga and the oil fields are almost all registered. The members of the club decided, however, to put forth some extra efforts during the next seven days and get as many more registered for the general election as they can possibly find.

A. M. Dewey, candidate for the state senate; W. F. Chandler, candidate for assemblyman from the sixth district; W. H. Say of Selma, candidate for county assessor, and Ernest Kiefer, candidate for justice of the peace, were present and each one was called upon to make a short talk. The Republican candidates were all well received by the large number present.

John A. Neu, former president of the Chamber of Commerce, who has been away from Fresno for a year or more, has returned to this city to make his home. With Eugene Rablin and Thomas F. Saunders he is going into the real estate business. The incorporation of the firm is now in progress.

Mr. Neu says that compared with other cities in the United States, Fresno is the one best bet that he has been able to find. Since leaving here he has been traveling representative of a mercantile house and covered the Pacific coast, from Denver west, besides making occasional trips to New York.

"Compared with values in other places," he says, "real estate in Fresno is dirt cheap." It seems to me there is a great future for this city and the surrounding country. Anyhow, after being over a great part of the United States in the last year and a half, I am perfectly willing to come back and to show you that I can come back and feel at home here, and there's a whole lot in that."

The new company is planning to put the Paige tract of 240 acres on the market in town lots. The property lies on either side of Fresno street, bordered by Kearney avenue in part. Fresno street extension runs through the tract, and rails and poles have been placed by the traction company, but the wiring has never been done. It is understood that the traction company promises to complete its equipment and run cars as far as tracks have been laid.

It is the intention to do the street work, put down cement walks and lay out this property in attractive shape. A reasonable building restriction will be imposed, and it is believed that the tract, especially along the famous Kearney avenue drive, will prove attractive for bungalows.

VALUATION BASIS OF RAILROAD TAXES

Assessment Apportionments in Fresno Cities and County at Large.

Clerk Felling figured up yesterday for his report to the state board of equalization the apportionment of the railroad assessments according to mileage for the city and outside territory in the county. The figures are interesting as showing the property valuation basis on which the railroad companies contribute in taxes for the maintenance of city and county governments in Fresno county. The railroad assessment apportionment made by the state board of equalization is:

S. P. R. R. Co. \$2,935,608  
P. & W. Co. 942,281  
Santa Fe 1,272,051  
Pullman Co. 98,759

Total \$5,248,700  
The apportionment of the four companies for the cities is a total of \$274,531, and for the county \$4,974,171 as follows:

Southern Pacific for Fresno city \$51,620, city of Coalinga \$13,247, outside \$3,991,191.  
Central Pacific for Fresno city \$57,126, Fowler \$31,802, Selma \$33,254, Kingsburg \$22,923, outside \$184,000.  
Santa Fe for Fresno city \$27,640, outside \$1,244,414.  
Pullman-Fresno city \$2280, Fowler \$270, S. J. 2557, Kingsburg \$583, outside \$91,499.

COOLEY FOR CONGRESS.

RALEIGH, N. C., Sept. 20.—The Republican congressional convention of the fourth North Carolina district, in session here this afternoon, endorsed for Congress R. A. P. Cooley who has heretofore announced himself as an independent Democrat.

GREAT STEAMER LAUNCHED.

ST. NAZAIRE, France, Sept. 20.—The steamship France, built for the Compagnie Generale Trans-Atlantique (French line) for its New York and Havre service, was launched here today. The France is the largest ship in the French merchant marine. She will be second only in size and speed to the Lusitania and Mauretania.

TO TEST NEW TYPE OF FIRE NOZZLE

The fire department will make a public test this afternoon at 2 o'clock at the corner of Fresno and K streets of a new type of nozzle which has been sent in for trial. For the test there will be a pump and two steam engines to pump the water into the single line of hose operated through the nozzle. The purpose of the test is to show that the nozzle is in operation from an elevation and to send through one line of hose the volume and force of four streams of water. The nozzle is an constructed as to be operated to throw water from any angle and another object is to employ it for quick and decisive action at a hot and brisk fire by deluging the flames.

# PIRATE PITCHER WEDS HIGH SCHOOL GIRL

Ceremony Takes Place in  
San Francisco; Will Live  
in Visalia.

VISALIA, Sept. 20.—A telegram received here today announced the wedding of Lou Marie, former captain and pitcher for the local ball team, to Miss Mabel Grant of this city, the ceremony being performed in San Francisco last night.

Mrs. Marie is an accomplished and popular young woman, until recently a student at the local high school, and until a few days ago a student at a school in the bay city. She is a niece of Mr. and Mrs. A. W. Grant of Visalia with whom she has been living for several years.

Mr. Marie some months ago purchased an interest in a business in this city. After a brief honeymoon Mr. and Mrs. Marie will return to this city to make their home.

The will of the late H. W. McFarland, former supervisor, was today admitted to probate. The property is valued at about \$500, all of which goes to the widow, Mrs. Sarah McFarland.

A final decree of divorce was granted today to Mrs. Maude E. Anderson from William H. Anderson on the grounds of desertion and intemperance. The custody of the minor child goes to the mother.

The preliminary examination of a man named Sargent, charged with having looted an outdoor apartment of the Pacific house in this city recently, was held this morning and he was held to answer. A large quantity of loot was presented in evidence.

Omar Phillips, for twenty years in the employ of the S. Sweet company in this city, during which time he has had charge of several departments and was also for years advertising manager, has resigned his position and will make his home with his family in San Francisco or one of the cities across the bay. He will engage in business in San Francisco.

## Charming Hair

Every Woman Can Have It  
by Using Parisian Sage,  
Guaranteed by San  
Joaquin Drug Co.

There is a reason for the phenomenal sale of Parisian Sage in the United States since it was first introduced into America, and the sales this year are breaking all records.

And the reason is plain to all: Parisian Sage does just as advertised.

Ask the San Joaquin Drug Company about it and they will tell you that they rigidly guarantee it to cure dandruff, stop falling hair or itching scalp in two weeks, or money back.

But one thing that has made Parisian Sage so famous is its peculiar power to turn the harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement throughout the country over are using it and it never disappoints.

Sold by leading druggists everywhere and in Fresno by the San Joaquin Drug Company for 50 cents a large bottle. This girl with the auburn hair is on every package.

# SENATORIAL VOTE OFFICIAL FIGURES

Judge Works Has a Popular  
Plurality of 1884 in  
the State.

SACRAMENTO, Sept. 20.—The official figures of the advisory vote on senator at the August primary were announced by the secretary of state today.

E. A. McServe of Los Angeles carried the following assembly districts: 3, 6, 64, 65, and is tied with Works in the 65th, a total of five districts.

Judge Works of Los Angeles carried the following senatorial districts: 2, 3, 6, 11, 12, 13, 28, 32, 33, 34, 35, 36, 37, 38, 39, a total of fifteen, and the following assembly districts: 1, 4, 5, 7, 8, 9, 10, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, a total of forty-nine, making a grand total of seventy-four.

Spaulding carried the following senatorial districts: 1, 4, 5, 7, 8, 9, 10, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, a total of forty-nine, making a grand total of seventy-four.

According to the footings of the returns from the forty senatorial districts Works received 64,831; Spaulding, 63,047; and McServe, 62,573, a plurality for Works of 1,844. The footings from the official returns by assembly districts cut down Works' plurality, but the count by senatorial districts is believed to be more correct.

# EXPERTS WILL SPEAK ON FARMING METHODS

General Public Welcomed at  
"Soil Convention" in  
Los Angeles.

Considerable interest has been aroused among the ranchers of Fresno county in the coming "soil convention" to be held in Los Angeles, at the Chamber of Commerce building, October 2 and 3. The convention will be held under the auspices of the University of California, which has arranged for the meeting through its laboratory in the southern part of the state.

Dr. Cyril G. Hopkins, professor of agronomy in the University of Illinois, will be one of the principal speakers. He is an expert in agronomy and chemistry, as well as vice-director in the Illinois Agricultural Experiment Station.

Another Eastern authority to speak at the convention is Dr. F. H. King, formerly professor of agricultural physics in the University of Wisconsin. Dr. King will lecture on soil chemistry, rational fertilization, plant foods, irrigation, soil water, soil physics and tillage.

Prof. J. H. Norton of the Citrus Experiment station will lecture on the work now being carried out at Riverside, while Dr. C. B. Lippard of Berkeley will speak on soil bacteriology.

FERTILIZER EXHIBIT  
One of the most interesting features of the convention will be an exhibit of various fertilizers found here of great value in the cultivation of crops. Farm machinery and other articles of practical interest to the rancher of our type will be exhibited. The exhibits will be situated at a place convenient to those attending the meetings in the convention hall.

# RAILWAY FINANCE STILL DISCUSSED

How Public Must Pay for  
Both Surplus and New  
Capital.

CHICAGO, Sept. 20.—Alleged manipulation of a railroad's income to cover up earnings and to compound its income was inquired into today by attorneys for the Western shippers, officers of the Illinois Central railroad before the Interstate Commerce Commission in the rate-hearing now in progress.

Interesting opinions upon the propriety of the disposition of earnings were given by General Manager Parks. Parks has told the commission he thought a proper freight rate was one that rendered a fair return for service to the shippers and which, after paying a reasonable dividend on the capital stock, paid fixed charges and operating and maintenance expenses, and would also give the company a yearly surplus of six or seven millions, "to make the investment attractive to people with money and to give the company a credit."

"And what would you do with this surplus, just held?" inquired Attorney John H. Atwood of Kansas City, representing the general shippers' commission.

"No," was the reply. "I would use it for bettering the road. For instance, I would devote a part of it to new deposits, etc."

"But," said Atwood, "when the deposits were built you would consider it a part of the actual property of the company, a proper subject for additional capitalization, wouldn't you?"

"Of course," was the answer.

"Then when you later had capitalized, you would say you ought to be entitled to a reasonable dividend upon that capitalization?"

"Yes."

"The simple fact is, you think you ought to be entitled to charge shippers enough to bring in sufficient earnings so that you can devote a part to new capitalization and then get a big return on it in the shape of dividends, do you? Is that your idea of what constitutes a fair tariff for the shippers?"

"The witness did not answer."

Attorney W. H. Norton of the Illinois Central sprang a surprise on Attorney R. C. Tust of the Illinois Manufacturers' Association. The railroad attorney asked:

"Mr. Tust, will you give me the names of four or five of your largest shippers?"

"Why do you want them?" returned Tust in surprise. "We represent shippers who pay \$150,000,000 annually in freight rates."

SHIPPERS' SECRETS.  
"I want them," returned Horton, "to produce statements similar to one in which we show our returns on the investment are only 4.6 percent and see what their returns are. Do I get the names?"

"We will have a consultation," answered Tust.

Manager Parks introduced a new term in railroad nomenclature. He will make an address tomorrow on the subject of waterway improvements. In the evening he will be the guest of the exposition directors at dinner and attend a local production of grand opera in the evening. The President will go on Thursday and Friday over the local line.

On the way to Cincinnati today, crowds greeted the President at all the stations between here and Cleveland. He appeared on the platform several times but made no speeches.

The President declined to comment in any way on the conference with Colonel Roosevelt at New Haven yesterday. A large part of this conference, it has developed, was participated in by the President and Roosevelt alone. Not even Norton or Lloyd C. Gleason was present during the larger part of it.

## The New Two Story Hats from Paris

THE EVOLUTION OF THE CAP HAT

THE fashions of today are for the most part the vogues of other days worked over by Parisian couturiers. Especially is this the case with the eccentric two story millinery that is being sent to us from the French capital. It includes a hat, generally a large shape, worn over a cap of lace. This style is a revival of the headwear that flourished for a short time in the eighteenth century. Queen Caroline of England is said to have introduced the mode, and the old print reproduced among the illustrations shows this queen arrayed in a cap and hat of the sort. The fashion obtains still in some parts of Holland, where countrywomen imprison their hair in golden casques covered with fine, sometimes very costly, lace, with hats over them. I hardly think American women will take up with enthusiasm the cap and hat idea, but a dainty frill of lace is very fetching hanging from the inside of a big picture hat. And there is, too, an undeniable charm about the turban-like cap of silver lace ornamented with tiny rosebuds that is the first story of one of the hats seen in the cuts. Then who knows but what these double deckers will be taken up by the matinee girl? There is every reason to think that they will be. Not only lace, but fringe, is used for the hat "valance" and tulle as well as lace for the cap turban.

But there is nothing truly ancient the fall and winter frocks. The edict has gone forth that they are to be straight up and down—in other words, to be fashionable one must have the figure of a sylph. Every woman must know the silhouette of the season when planning her frocks; otherwise she will be out of the style, an awful calamity for the American mondaine even to contemplate.

Last fall the tailored suit had a long coat. This year the short coat leads. Twenty-four inches is the approved length, but the twenty-six and twenty-eight inch lengths, it is predicted, will be the most popular. Many of the newest models suggest the box coat models of several seasons past. A band of deep black satin at the bottom of the coat, beginning at the sides of the front, is a familiar trimming. When this trimming is used the skirt usually displays a like adornment. The long separate coat is a favorite of winter fashion and a very necessary wrap to own when one's walking coat is of a short length. For some unknown reason, as the skirts are narrow, designers have given great fullness to the skirts of the long separate coat, some of them being draped about the figure in classic folds.

A stunning costume made abroad for Mrs. Vanderbilt is of dark green panne cloth. It has a close cut, short skirt adorned with a deep band in black braided soutache. The hip length coat is collarless and cut rather high at the neck, and the same braided trimming is used in a narrow design down the front of the coat that widens out about the edge of the skirt. And in connection with coats I would say that sleeves are long and tight fitting save at the wrist, where many of them widen out a trifle. They are put into the armhole perfectly plain. Dressy coats have three-quarter sleeves with elaborate cuffs.

The skirt with a foot band will be good style throughout the winter, and where plaits appear in the new skirts they are banded in tight to the figure to give the straight up and down effect. Corset skirts of slim silhouette are smart; also the skirt with flat box plaits back and front, with straight banded in gores at the sides. Sometimes below this band there is a kilted flounce.

The excuse for plain costumes is easily to be found in the beautiful materials which the fall season has brought to light. It would be painting the lily to crowd these fabrics with trimmings. For tailor made suits there is a choice of two classes of fabrics—those of a smooth surfaced finish and those of rough although rather silky texture. Broken diagonal effects have taken the place of decided checks and stripes, but chevrons with a boucle raised effect that is almost invisible are much liked. In rough finished

worsteds zibeline in basket weave is meeting with favor in Paris, and corduroy is promised a certain popularity. As usual, Theodora cloth, broadcloth, panne cloth and satin are the leading dressy materials.

As to the colors of fall suits, black is first favorite, with gray in many varieties of tone and the varying shades of purple, prune and mauve. A royal and a very dark shade of blue known as corbeau is well liked, and accessory colors many shades of yellow, ranging from maize to beige, are modish in connection with black and brown. Vivid tones used as accessory colors are the height of style in gowns. These daring splashes of color were the inspiration several seasons ago of Paul Poiret, a Parisian dressmaker, but it is only recently that his brother artists have acknowledged his success by following in his wake. The gold note is prominent in the new fashions, and it

often takes the guise of cloth of gold displaying a shadowy Persian design. As I have said before, the smart gowns of the season are but little trimmed. Tiny wooden beads are among the more unusual ornamentations, and handsome plain braid trims and blinds many of the smartest tailored coats and skirts, but it is sparingly used. Buttons on tailored costumes are of self material, bone or braid, and there is a new glazed wooden button that is very attractive.

**REAL PRICE OF MEATS.**

An authority on domestic matters calls the attention of housekeepers to the real and apparent price of meats, which is seldom considered when marketing. The apparent price of chicken, for instance, may be 20 cents a pound, but its real price will be 30 cents when the weight of the head, crop and claws, entrails and bones is taken into account. It is more economical to pay 15 cents for a cut of solid meat than 5 cents for one that contains nearly half its weight in saw, fat and bone.

## The Polite Way to Eat Corn

YOU probably love corn on the cob, but you refuse it when you are at table because you make such an exhibition of yourself while getting the pearly grains from their cob. Is it not so, milady? One woman goes the length of saying that only in the privacy of one's own room should corn be eaten from the cob. This is going a trifle too far, and the same woman, if she but knew, could enjoy the succulent ear and still retain her table manners if she had in her possession a pair of the new corn slitters or forks. This invention of a clever brain consists of two silver or plated affairs several inches long, representing a miniature ear of corn with a "stab" not unlike an ice pick at the end. The real ear of corn is stabbed at the two

## How to Become Your Own Beauty Doctor

HOW to preserve a youthful appearance is a subject which never fails to interest women, for one and all recognize the truth of the remark made by a celebrated Frenchman, the Duc de Rochefoucauld, "It is useless to a woman to be young unless she be pretty or to be pretty unless she be young."

All women crave for youth, and no one more than the pretty woman, the woman who has been used to admiration and attention and who, as she notices her first wrinkle, her first gray hair, feels that her kingdom is slipping away from her and that her powers of attraction are rapidly on the wane.

The first gray hair or the first wrinkle does not always mean a loss of the power of attraction, but they are, unless arrested in time, the first step toward that disaster.

That beauty of a very high order may exist without youth no one will deny, but youth is an additional charm and is an asset not to be despised by the woman who has her own way to make in the world or who wishes to queen it in society.

To prevent wrinkles never allow the muscles of the face to become sagged. To keep the facial muscles firm and taut is the secret of a smooth, unlined face, and to do this they must be gently exercised.

Gentle massage given to the principal muscles of the face regularly and systematically will prevent wrinkles far into old age, but (and here a word of warning must be given to the energetic amateur beauty doctor) the massage must be gentle. Any rough treatment is likely to stretch the skin and thus do more harm than good.

As one passes into the thirties there is generally a tendency either to lose flesh or to become heavy, both estates being most undesirable.

The woman whose face is too plump must not use any form of grease or cream for her complexion. She should massage, but with ice. The movements should be carried out with the skin just as they are with skin food.

The thin woman, on the other hand, must give as much and even more attention to massage, but she should employ a good nourishing skin food. Exercise the muscles, sleep as much as possible and smooth out the lines with a pad of chamomile leather slightly warmed.

## Delicious Green Pepper Dishes

### GREEN PEPPERS SAUTE WITH SCRAMBLED EGGS.

Plunge the peppers in very hot water, then rub off the skin with a crash towel. Cut them in halves, cut off the stems, remove the seeds and carefully cut away the rib or division walls. Let the peppers cook a few minutes in a little butter, moisten with a pint of consommé, add a little minced shallot, parsley and paprika and let all cook slowly for half an hour or until done. Have ready some rounds of nicely toasted or fried bread and enough soft scrambled eggs to fill the pepper shells. Drip a little finely minced parsley or a dash of paprika over the top and serve.

### STUFFED PEPPERS, BALTIMORE STYLE.

Cut off the tops of the peppers and scoop out the seeds and carefully trim the ribs down without cutting through the peppers. Mix crab meat with almost an equal quantity in weight of fine buttered breadcrumbs, a little salt, a sprinkling of finely minced parsley and enough cream, a few tablespoonsful, to moisten the mixture slightly.

Fill the peppers and cover with buttered crumbs. Set in the oven to brown.

### STUFFED PEPPERS A LA CREOLE.

Take two dozen sweet green peppers. Peel them, take off the topmost bit and remove the seeds and division walls. Take a dozen or more red peppers, cut off the stems and take out the seeds. Chop these peppers very fine. Put a tablespoonful of butter in a saucepan over the fire. Add half an onion minced fine and brown lightly. Then add the minced peppers mashed to a pulp. Add about a tablespoonful of finely minced ham. As these brown add a clove of garlic, also minced fine. When the peppers are well cooked add half a cup of bread that has been wet in cold water and squeezed thoroughly dry. Season to taste with salt and pepper. When well browned take from the fire and fill the peppers. Cover the top of each with some buttered breadcrumbs. Arrange them in a bake pan and place in the oven and let heat thoroughly through and brown. Serve hot with meats or for a luncheon dish with rice and tomatoes or stewed sweet corn.

THE CORN SLITTER.

ends and held in position, as illustrated. Many persons, too, like to cut their corn from the cob at table, and for them there is an attractive little device called the corn slitter which does the work to perfection. This implement comes both in real and imitation silver. The illustration shows how it is used. Three or four strokes with the slitter will slit every grain on the cob. It does not remove the corn from the cob, but cuts the hulls of every grain. The delicious part of the corn is obtained with a pressure of the teeth, leaving the hulls on the cob.

When making puddings, fritters or any of the delicious dishes made from corn the slitter will be found very useful.

### HOOK AND EYE SUGGESTIONS.

When sewing the hooks and eyes on the pocket of a skirt sew one pair at the very bottom, fasten them and crush them flat. This will keep the pocket from ever tearing or ripping at the end.

On a wash dress the eyes should be sewed on the upper flap and the hooks on the lower instead of the usual fashion. The top flap can then be ironed flat without the little lumps left by ironing over hooks.

In working on heavy materials alternate the hooks and eyes—first an eye, then a hook on one flap, with first a hook and then an eye on the other. This method will hold the dress shut and save the wear from embarrassment and discomfort.

### WORK APRON TO MAKE.

When you purchase a new tub dress made for house wear get enough material to make a work apron of what is left over. Then you will be presentable should an emergency arise. Besides, the apron will fade with the dress, and will come in handy for mending later on. Always have it washed at the same time as the dress.

### TO PRESERVE TINWARE.

If new tinware is rubbed over with fresh lard and thoroughly heated in the oven before it is used it will never rust, no matter how much it is put in water. For stained tinware borax produces the best results. If a teapot or a coffeapot has become discolored on the inside boil it in a strong solution of borax.

THE NEW FLEXIBLE CORSETS.

THERE is comfort and smart appearance combined in these new flexible corsets, a thing that has been impossible until this day recently came upon the market. The "bones" are "steel" so manufactured that they support the figure and at the

same time admit of the wearer going through her beauty reduction stunts should she be so inclined, which naturally she won't. Still, there's a heap of satisfaction to the feminine mind to know she can if she wants to. These corsets are not expensive, some models being priced as low as \$5.

### A FALL THIMBLE PARTY.

If you are thinking of giving a thimble party this fall here are some good ideas for prize contests.

Give to each guest a five inch patch of sheer linen, each with a jagged tear across the middle. In the corner of the patch stick a needle threaded with bright red cotton. Ten minutes is given to darn the hole, a prize being awarded for the hole most neatly darned and the one most bungled. As the thread is of a bright color it is not easy to make a neat piece of work even for a skillful needlewoman.

Another set of gray linen patches could be passed for a "Chanticleer" contest. Each patch should be accompanied by a pencil, a needle and gay cottons. The guests must draw one of the "Chanticleer" characters. These must then be embroidered in the gay threads to resemble the special fowl represented.

Another good test is to sew a yard seam with a darning needle threaded with 100 cotton. A given time is allowed, which no one must exceed, and she who gets through in the shortest time is the winner. Only persons who have sewed with a coarse needle and fine thread know the handicaps of this contest.

Much fun is caused by a needle threading race. A No. 12 needle and 120 cotton are used. There is a time limit, and prizes are awarded for the swiftest, most graceful, most awkward and slowest needle threading.

### KITCHEN HINTS.

A pamphlet recently issued by the department of agriculture has this to say about the feeding of eggs: "The method is known as candling and has been familiar for some time, especially among dealers. The room is darkened and the egg held between the eye and the light. The presence of dark spots indicates that the egg is not perfectly fresh. A fresh one presents a translucent, homogeneous appearance. Moreover, there is found in the larger end between the shell and the lining membrane a small air cell, which, of course, is distinctly transparent. In an egg that is not perfectly fresh this space is filled and hence presents the same appearance as the rest of the egg."

## \* HAVE A BIT OF FUN \*

**LIKE A PRIVATEER.**  
Wife—Here's a millinery advertisement that says the new hats for women will be broad and low.  
Husband (in his sleeve)—And rakish, I suppose.

**THE EVIDENCE.**  
Priest—Marriage is a solemn matter, Timothy.  
Timothy—Ah, father, ye must have seen Bridget.

**OPENING FOR THE PURIST.**  
Doctor—Raw cow's milk is better for children than boiled.  
Highbrow Dad—Good. We won't have to boil Rossie.

**LIKE PICTURE, LIKE SUBJECT.**  
Eastern Artist (in western log cabin)—Whose picture is this?  
"My husband's."  
"It is hung with fatal effect."  
"So was my husband."

**PROBABLY LOST ITS NERVE.**  
"I read that an Oklahoma Indian died after being stung three times by a bee."  
"What became of the bee?"

**NONCOMMITTAL.**  
Connoisseur—That's a likely painting. Is it a sunrise or a sunset?  
Artist—That's for the critics to say.

## RELISHES OF MERRIMENT

**TAKE NO CHANCES.**  
Mrs. Potiphar—What would you do if your husband came home at 3 in the morning?  
Mrs. Josephus—Make him tell his name before I let him in.

**ECONOMICAL AUTHOR.**  
"Have you read Rivers' new book?"  
"Yes. It has no meat in it."  
"Of course not. Why, man, Rivers is a vegetarian."

**DISTANCE LENDS ENCHANTMENT.**  
Tourist—See you rugged rock that juts out to the rolling deep.  
Cottage—Rugged? Nothin'! That's my wife sittin' out there takin' her sun bath.

**OPTIONS OFFERED.**  
The Cop—Mrs. O'Flaherty, O'll hev tek ye along wid me.  
"Is that so? Is it in a ambulance that ye'll tek me or in slinnants?"

**LINGO OF THE RING.**  
"Reckon you've heard of 'Porky' Flynn, the prizefighter?"  
"Why 'Porky'?"  
"Cause he's so beefy."

**FANTASTIC FANCY.**  
"Heard the new virtuoso?"  
"Yes."  
"Like him?"  
"I would if he had less hair."

## GIGGLES ON THE SIDE

**GETTING NEXT.**  
"Say, maw, does 'down to the soil' mean scrubbing a floor?"  
"No. It means getting your little brother ready for Sunday school."

**PART OF HIS JOB.**  
"What is the speed of your machine?"  
"Ask my chauffeur. He's a bigger liar than I am."

**WHEN HE PUT ON HIS HAT.**  
Rumpus (yawning at 11:46 p. m.)—Time waits on no man.  
Miss Wiggly—I don't blame it. It would lose lots of sleep if it waited on some people I know.

**TEN AND COSTS.**  
First Prisoner—What kind of a time did you have in the police court this morning?  
Second Prisoner—None.

**THE SURE WAY.**  
Man (to lady clerk at postoffice window)—How much for this letter?  
(After weighing)—Twelve cents.  
"Thanks. Do I put the stamps on myself?"  
"No, on the letter."

**AN UNEXPECTED CATCH.**  
Papa—Where have you been, James?  
"Fishing."  
"Come into the woodshed and we'll have a wringing expedition."

## SNAPS FOR FUN LOVERS

**ANTIQUES TO ORDER.**  
Mrs. Nueum—Have you nothing else in antiques?  
Dealer—Not now. The factory is getting out some new conceals that will be in tomorrow.

**BOTH AGREED.**  
Wife—William, did you change the dress pattern and blow up the clerk for his mistake?  
Hubby—I had it changed, but the clerk declared he knew you were wrong.  
"What did you do about it?"  
"Shook hands with the clerk."

**A SANITARY SCHEMER.**  
Laura Eugenie—There are microbes in nearly everything you buy.  
Reddy Mann—You can give me a kiss and we won't have ice cream.

**SHOPPING FOR NOVELTIES.**  
Young Thing—Have you any monograms?  
Salesman—What initials, please?  
"Something out of the ordinary—the rest, you know."

**A FAIR EXCHANGE.**  
Dora—Don't think we girls should be so free with our kisses.  
Clara—No; there should be a mutual exchange.

**ADDING TO THE DAMAGES.**  
Citizen (at street car company's office)—One of your conductors stepped on my wife's dress yesterday and tore it.  
Clerk—What do you expect us to do about it?  
(Showing the torn strip)—I want you to help me match this.

## :: POINTS FOR THE JOLLY ::

**KNEW HER AIM.**  
"Look at those apples—Tommy Scrabbles put a switch to use on him."  
"He hit her a stone and told her to show it at him."

**BRIDGET OBEYED.**  
"Bridget, I told you to have my hot water the first thing in the morning."  
"Shure an' didn't Oi tek it up hot last night an' lev it at th' dure so's t' be in toime!"

**ANOTHER LAPSPUS.**  
Lovely Lady—See my new photographs. All crudities of features are admirably toned down.  
Plain Man—Dreudedly clever artist.  
"He is. If I were you when you have yours taken I'd go to him."

**A BAD BREAK.**  
"How did the banquet go off?"  
"Not as smoothly as we wished. The toastmaster called on a man who had lost an eye, an arm and a leg to respond to the toast 'Our Absent Members.'"

**CITY GALLANTRY IN COUNTRY.**  
Wife (on the farm)—Oh, here comes a bull right at us! What shall we do?  
Hubby—Well, don't stand there asking fool questions. Come here and help me climb this tree.

**THE ANSWER.**  
Muddium—Wonder what makes the telephone lines hum?  
De Broke—I've wired dad for dough, and I guess he's talking back.

## SNAPS OF GAYETY

**HAD HIM PAT.**  
"Do you know why old Skinbone, the millionaire, always wears a ten dollar suit?"  
"I suppose from economy."  
"You lose. He can't get a suit for less than that will fit him."

**FIRST AID.**  
Tailor—I want a man to keep accounts.  
Customer—When you get him let him keep mine.

**CIVIL WAR RENEWED.**  
First Vet—Did you find any landmarks when you visited Gettysburg?  
Second Vet—I did. I found the tree behind which you stood during the charge that was made on our regiment.

**ALMOST A HINT.**  
Hunkus (11:50 p. m.)—I don't like 'spratt' because he goes by fits and starts.  
Miss Yapp (with a yawn)—I wouldn't mind a man having fits if he did but start snally.

**INHERITED.**  
Traveler (to clerk)—I haven't heard him speak since I've been here.  
"You mean the boy? Well, it runs in the family. His father is head of the information bureau."

**A SUGGESTION.**  
Longly—I wish I wasn't so blarneyed thin, but I've tried all sorts of things—even patent medicines.  
Miss Willy (anxious)—Did you ever try a good dinner?
